

## HAIPAL MOULD BASE

THE EASIEST WAY  
TO YOUR  
PLASTIC PALLET

Watch our video!

# HAIPAL

## MOULD BASE

1

**DESIGN**  
YOUR OWN PALLET

2

**BUY**  
YOUR INSERTS

3

**RENT**  
THE MOULD BASE

4

**PRODUCE**  
YOUR OWN PALLET

## USABLE TO REALIZE YOUR IDEAS

The high acquisition costs of an own pallet mold, the long lead time and low quantities mean that an investment in an entire mould is not economically viable. How can we solve this problem?

## RENT RATHER THAN BUY

Only invest in the inserts which we manufacture entirely according to your ideas and rent the mould base from HAIDLMAIR. This not only reduces costs, but also the lead time. You've produced enough pallets? Return the mould base and keep your inserts.

## ADDED VALUE FOR EVERYONE

- Low volume production
- Customised pallet design
- Usage of residual plastics material
- Close to production prototyping
