QUICK CHANGING SYSTEM FOR HIGHER PRODUCTIVITY

HAIDLMAIR stands for "Higher Productivity". With a HAIDLMAIR mould you will not only be supplied with forming precision, but with an injection mould that renders more profit including all additional HAIDLMAIR services integrated in an all-round carefree package.

The HAIDLMAIR-technicians developed a smart changing system, named HAIflex, which allows to change venting, engraving and handle inserts or covers for lifting threads in a simple and time efficient way. Only a few accessories are needed for the use in a few simple steps. HAIflex is the perfect system for the use in container moulds (eg. ESD-container) and automotive moulds. Wherever constant operation of the moulds is needed.

**BECAUSE
TIME
MATTERS**

Your benefits:

- Simple and time efficient handling
- Insert change in the machine possible without disassembly of the mould
- Simpler positioning of the venting inserts for optimal cooling
- Constant operation of the moulds and constant product quality guaranteed
- Various product variants practicable with a few simple steps

Please contact your advisor at HAIDLMAIR for more information!
